Dear Parents, Staff and Children,

Last Sunday's Year 5 Class Mass for the Feast of Christ the King and Youth Sunday was a lovely service. I was so proud of all of the children who read and sang so brilliantly. My thanks goes to Mrs Wright for preparing the children so well. I do have to say that I was disappointed that not all of the children in the class attended. I do understand that many children do other things at the weekend but our priority should always be to God. Something to think about!

Neil Porter –
Head Teacher

We had a fantastic afternoon when Team GB High Jump Athlete, David Smith, came to visit on Tuesday. The children enjoyed the fitness circuit that he did with them, it was great to see everyone participating so competitively. Thank you to everyone who raised sponsorship money for David, he was very appreciative. I thank Mrs Brennan for organising the whole event.

Year 4 Parent Workshop on Wednesday was very well attended and there was a real buzz of excitement and enthusiasm in the room as the parents and children prepared a game to challenge their maths skills. Well done Miss Murphy and Mrs Panjanaden for such a successful morning. I have had very good feedback so far. Thank you both.

The KS1 Trip to the MAC to watch the Christmas performance was lovely. The staff and children really enjoyed themselves and started to feel the Christmas spirit. My thanks goes to Miss Stansbie for organising the event for our children. Well done.

Year 3 Class Mass for Key Stage 1 was another lovely event this week. The children read and sang so well. Thank you Miss Harris & Mrs Lines for all your hard work.

Thanks to everyone for supporting our Non-Uniform day for bottles for the Christmas Fair which is on tomorrow. I look forward to seeing you there on Saturday @ 11 am.

God Bless... It is also the First Sunday of Advent this weekend too.

- **Are your children staying safe online?** - Please can I remind parents to be vigilant and monitor what your child is doing online. A few incidents have been brought to my attention about the **ROBLOX** game that some children are playing. There is a social media messaging element to this game where your child can be contacted by people they do not know. This is very dangerous as I have heard of very inappropriate, threatening and offensive language being used and directed at some of our children online. Please keep a close eye on what your child is being exposed to. I have enclosed a safety leaflet on Page 7 of this newsletter for more information. Thank you.

Thought for our Diocesan Virtues Autumn 2- Attentive & Discerning

Our pupils are taught that it is important to be *attentive*; pay attention to the big and small things and the responses of other people. Be *discerning*; by using what we have learned to decide what is the right thing to do and be who God has called us to be.

Riddle of the Week!!!

Q: What did the Dalmatian say after eating lunch?

(See Mr Porter with your answer to check if you're right!)

Last weeks answer was:
... he became a laughing stock ...

Prayer of the Week!!!

Prayer for our family

Blessed are you, loving Father,
Ruler of the universe:

You have given us Your Son as Your Leader,
And have made us temples of Your Holy Spirit.

Fill our family with Your light and peace.
Have mercy on all who suffer,
And bring us to everlasting joy with You.

Amen.

(A prayer to say together with your family)

According to the Roblox website, 'Roblox is the world's largest interactive social platform for play.' For those of you who are unfamiliar with the game, it is a multi-player online gaming platform which allows children to play and create a variety of games in a 3D world. Roblox is free to play and available on all modern smartphones, tablets, desktops, Xbox One, Oculus Rift, and HTC Vive.

AGE RESTRICTION
13+

What parents need to know about **ROBLOX**

ROBLOX STUDIO

The Roblox Studio allows users to create their own games and 'worlds' for others to play on the platform. As the games are user generated, it gives users the freedom to potentially include things you do not want your child to be exposed to, for example, weapons, violence and even pornographic content. There are no age restrictions on the games created in the Roblox Studio and to remove games from the platform Roblox relies on people reporting negative/violent content.

CHATTING & FRIEND REQUESTS

Whilst the games in Roblox are aimed at 8 to 18-year-olds, there are currently no age restrictions for signing up. This means that both adults and young people can play and communicate with each other and send friend requests through the platform. Once a friend request is accepted, this means that they can communicate with each other outside of gameplay.

ROBUX ONLINE PAYMENTS

When a user creates a game, they earn something called 'Robux,' which works as a currency within the platform and enables the purchase of upgrades and memberships. If the created game is of good quality and attracts multiple players and in-game adverts, children have the ability to earn a lot of 'Robux.' Once a user has earned a certain amount of Robux, they can convert this to real cash and withdraw it to a PayPal account. To withdraw money, users need to be over 13, have a PayPal account and have paid for the Roblox premium subscription.

Top Tips for Parents

ALERT!

Tell your children to be careful and to think twice before they click any random advert or popup. There are a lot of phishing scams that advertise free Robux etc. with the intent of stealing your child's personal information.

UNLIST SOCIAL MEDIA ACCOUNTS

Make sure your child's social media accounts are not listed in the settings/account information. If they are, advise them to set them to private or remove them from their account. This will ensure that nobody will be able to find and contact them on their social media platforms outside of Roblox.

CHECK SHARED INFORMATION

In the account settings, check that your child is not giving away any personal information in their bio/profile. For example, their full name, phone number or snapchat name. If you see that they have, explain why this is potentially dangerous and remove immediately.

2-STEP VERIFICATION

Roblox has a great two-step verification security feature which we recommend you enable to add an extra layer of security to your child's account.

HAVE A CHAT ABOUT 'GRIEFING'

Griefing is when someone purposely upsets another player in a game. This can be done by setting traps, damaging or stealing something from another player, intentionally killing them and generally doing something in the game to spoil their gameplay. Essentially, 'Griefing' is a form of cyberbullying and can be extremely frustrating and upsetting for players.

RESTRICT PAYMENT METHODS

Roblox is a free to play game, but there are still options to make additional in-game purchases. If you do not want your child to make payments, ensure your card is not associated with their account. If you are happy for your child to make payments in the game, but want to restrict spending, we suggest using a games console gift card. These can be purchased in specific amounts, which will enable you to restrict how much your child spends and removes the need for a credit/debit card to be used with their account.

DISABLE IN-GAME CHAT

Roblox is great for children to play together and chat to each other. However, if you want to completely turn off in-game chat for your child (meaning they cannot contact anyone, including their friends) you can do so by following these steps: When logged in, go to the Account Settings page by clicking on the gear icon at the top right corner of the page, then click Settings. Next, click on the Privacy tab and under 'Who can chat with me in game?' select 'No one' and this will disable in-game chat.

IS YOUR CHILD UNDER 13?

Unfortunately, there are hundreds of YouTube videos showing children how to change their age settings on Roblox, so firstly, you should talk to your child to set up some rules/an agreement. There are additional safety features for children under 13, for example having their posts and chats filtered for inappropriate content and behaviour, so it is worth checking that your child has set up their account with the correct age. You can find this in their account settings.
